

### **Inclement Weather**

Inclement weather may occasionally make it necessary to cancel or delay school and/or our extended daycare program. Should this occur, our administrative staff will use all the tools available to us to communicate school closures, delayed openings or early closures to our families. This will include a posting on our school website, an e-notify sent to all families, and a message on our school voicemail. These methods of communication will be completed by 6:30 a.m. on the affected school day.

If severe weather conditions or other emergencies occur during the school that require us to close early, parents will be called and asked to pick up their children before the designated emergency closing time. Days cancelled due to inclement weather or other emergencies will not be rescheduled.
