Engaging Lessons & Learning... The Evergreen Academy Way

Our fifth graders have been studying Shakespeare in their Drama classes this trimester. These students are rehearsing a scene from Shakespeare's Macbeth. The students are playing the three witches, sometimes called the weird sisters, in the tradition of Elizabethan theatre where all actors were men. Fifth grade will be performing an original play, Shakespeare 101, in May.

Our second graders will perform a play about Flat Stanley on March 31st. Here is a scene from the Museum.

Salmon Release

Our 4th grade leaders helped students each have a salmon release experience today at Edith Moulton Park. They have fertilized and raised these salmon with great care, and today was an amazing experience of the next step in their life cycle.

Looking ahead to next week.....
