Field Trip Highlights

After studying the interconnections of plants and animals around the world, our first graders took a field trip to the Woodland Park Zoo where they explored desert, rainforest and African savannah exhibits. Their trip was not complete until the children saw their beloved penguins; animals they had studied in depth earlier in the school year.

Engaging Lessons & Learning...The Evergreen Academy Way

Second Grade Life Science

Our students study a variety of creatures as part of their grade level science units. In second grade, Life Science includes learning about the life cycle of the butterfly. This photo shows caterpillars in the Pupa stage.

The caterpillars' metamorphosis are complete. In this photo, two second graders remove the butterflies from their habitat to be released onto our campus.

Looking Ahead...

Pick Up Cookie Dough

Thank you to all who participated in our Cougar Mountain Baking Company Cookie Dough fundraiser! Cookie dough orders will be delivered to the school on Monday, June 1st and must be picked up from the office between 2 and 4 p.m.
