Evergreen Academy is working to become a  
certified Washington Green School

With the construction of our school garden underway, Evergreen Academy has taken the first steps towards becoming a certified Level 1 Washington Green School. We have formed a Green Team, comprised of staff, parents and students who will meet monthly to oversee and guide us toward this goal. Watch for updates about our progress in future editions of this newsletter.

Engaging Lessons & Learning...The Evergreen Academy Way

Fourth & Fifth Grade Visit YMCA Camp Seymour

Our 4<sup>th</sup> and 5<sup>th</sup> graders had a blast this past Monday through Wednesday in the Outdoor Education program at Camp Seymour. Our students learned many important lessons during our stay. We learned how to take care of our environment by playing educational games about estuaries, we dissected a squid and studied the Living System of Nature, and we also examined the parts to a paddle and learned how to use a canoe. Finally, through a bit of friendly competition, we even learned the importance of eating and not our wasting food. Our students are sure to remember their experiences together at Camp Seymour for years to come. Many thanks to parents Kevin Lund, Laurie Tatalick and Sрни Venugopal for being our wonderful cabin leaders!
