

Reading Responses

“I can use my reading strategies to show that I understand what I am reading.”

(Strategies: Question, Predict, Infer, Connect, Summarize, Evaluate)

Reading Response #1: Evaluate

What has been your favorite part in your book so far? Why is that your favorite part?

Reading Response #2: Summarize

Write a summary paragraph about what you have read in your book so far.

Remember to have your first sentence be the main idea/plot of the story and then add important detail sentences to fill in. Also, remember to keep it in the order that it happened in the story (use transition words like first, then, last).
