# Extreme Camp

## Expand their horizons

Rising 3<sup>rd</sup> - 5<sup>th</sup> Grade

Older campers take day camp to the next level as they expand their horizons, embark on new adventures, and most importantly have fun. Extreme Campers focus on leadership growth and skill development in an environment that forges lifelong friendships. Our program provides an opportunity for campers to become camp role models, participate in service learning, and grow STEAM-based skills.

### Leadership

Campers engage in peer-to-peer learning weekly, fostering confident and knowledgeable social-emotional leaders. They develop a leadership mindset through activities focused on team building, collaboration, self-advocacy, and mindfulness.

### STEAM Skill Development

Campers master essential STEAM skills, including engineering and math, through project-based learning. With a focus on these crucial 21st-century skills, our campers extend their learning throughout the summer, immersing themselves in exploration and discovery.

### Service Learning

A cornerstone of the Extreme Camp program is our focus on service-learning projects. Giving back to our local communities and fostering a greater understanding of relating to others strengthens our campers' connection to the community and encourages them to be active, solution-focused citizens.

### Camp Role Models

Our oldest campers spend time daily as active role models for their camp community. Whether they are helping run the camp recycling program or creating the camp newsletter, these young leaders are modeling positive interactions, empathy, and high motivation for achieving goals for the entire camp community.

# Big Island (Hawaii) Highlights

From the raw power of active volcanoes at Volcanoes National Park to the captivating Punalu'u Black Sand Beach, where we might spot green sea turtles basking on the unique shore, and the marine wonders at Kealakekua Bay, we'll create lasting memories of this diverse and breathtaking natural paradise.

## Volcanoes National Park

Study volcanology at the Kilauea Visitor Center, hike through volcanic craters, scalded deserts, and lush rainforests; walk into an actual lava tube and see two active volcanoes. This 300,000-acre national park is home to Kilauea Volcano, one of the most active volcanoes in the world!

## Punalu'u Black Sand Beach

Visit one of the most famous black sand beaches in the world. These beaches get their color from volcanic lava contacting the ocean—as the lava cools rapidly, it shatters into small basalt fragments giving the beach its black color.

## Kealakekua Bay

Board a catamaran for a cruise to Kealakekua Bay, a Marine Life Conservation District. Snorkel in the brilliant blue waters and see vibrant coral, tropical fish, and on occasion, spinner dolphins. The Bay has historical significance too, as it marks the spot Captain James Cook first landed on Hawaii Island in 1778.

## Kilauea Iki Crater Hike

You'll start in a lush rainforest and descend to the floor of the Kilauea Iki Crater, a solidified lava lake which still contains many active steam vents. The vibrant colors and varied wildlife of the rainforest is a stark contrast to the steam vents, cinder cones, and splatter cones found in the crater.

# From the Big Island to Oahu

As we bid farewell to the enchanting landscapes of the Big Island, where we've explored the Halema'uma'u Crater, we transition to Oahu. There, we'll continue our educational journey with an ascent to the iconic Diamond Head, offering panoramic views of the Pacific. At Pearl Harbor, we'll pay our respects at the USS Arizona Memorial, and then immerse ourselves in Hawaiian culture with a traditional Luau and Polynesian Show.

## Halema'Uma'U Crater

Located on the summit of Mount Kilauea, this underground lava lake has formed a crater that's nearly 3,000-feet in diameter and over 200-feet deep. Students will enjoy a night hike to the crater and stop along the way for stargazing in the pitch-black, unpolluted sky.

## Diamond Head

Climb the 99 stairs to the top of Diamond Head, a well-known landmark of the Honolulu Volcanic Series. This 763-foot volcanic tuff cone summit boasts an exhilarating 360-degree panoramic view!

## USS Arizona

The USS Arizona Memorial, at Pearl Harbor in Honolulu, Hawaii, marks the resting place of 1,102 of the 1,177 sailors and Marines killed on USS Arizona during the Japanese surprise attack on Pearl Harbor on December 7, 1941, and commemorates the events of that day.

## Hawaiian Luau and Polynesian Show

Enjoy a traditional Hawaiian Luau and authentic Polynesian show. Students will learn how to play the ukulele, participate in a hula dance, and discuss the local legends and the cultural connections the Hawaiian people have to the land. This is a Hawaiian favorite you don't want to miss!
