

In response to: What are the class expectations?

How should we behave in technology and library class? Drag the good choices to the thumbs up and the not-so-good choices to the thumbs down.

I always raise my hand before speaking.

When it is time to go I stand behind my chair with my things and wait to be invited to line up.

I can sit correctly in my chair without tipping it.

I can run around whenever I want!

I think tech time is a great time to talk and play with my friend.

...

I created this activity for first grade as part of our review of expectations and rules. This is a Seesaw activity where I included a voice recording for all the items the student would need to read (to accommodate for students who may have trouble reading this so early in the year). It is a drag and drop activity.
