Welcome!

June 24th – August 23rd

At Evergreen Academy Montessori Preschool, we provide a stimulating education steeped in the Montessori philosophy and infused with current instructional best practices. As a continuation of our Montessori curriculum, summer camp offers a fun-filled program integrated with our company's Links to Learning® curriculum for students ages 3-5. Our students have the opportunity to expand their horizons during the summer, benefiting from rich and individualized education while also embarking on new adventures, and having fun.

Our summer curriculum is designed to review and strengthen skills taught during the school year while keeping with current and ever changing instructional practices. Various academic activities will be integrated throughout your child's daily summer experience. Our camp program will inspire your child's mind to engage, explore, create, and stay active this summer!

During the school year and summer camp, we offer a Montessori Pre-Kindergarten program along side our Primary Montessori preschool program. The Common Core Standards are taught as a group lesson and the children learn to work together and develop the tools that they need in order to be successful in kindergarten.

Pre-Kindergarten is available for currently enrolled Pre-Kindergarten students and students enrolled in Pre-Kindergarten for the 2019-2020 school year.

Montessori Camp Themes

Nature Explorers

Come to camp and become a pro at nature exploration. Campers will have the opportunity to dive deep under the sea with the fish, shells, and sand. They will blast out of this world and learn about planets, stars, and astrology. Campers will become insect investigators and learn about the world of bugs, including individual parts and life cycles of different insects. They will also get hands-on experience learning about the sources of food, organic gardening practices, and composting.

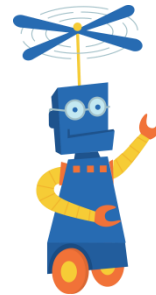

- Week 1** June 24th-28th
- Week 2** July 1st-5th (No class on July 4th)
- Week 3** July 8th-12th
- Week 4** July 15th-19th
- Week 5** July 22nd-26th

STEAM Machine

Campers will become junior scientists, engineers, and artists. Come explore and build innovative contraptions. Participate in messy hands-on science experiments. Play team building games that will initiate problem solving skills. Create unique art in new and exciting ways. These activities will keep campers active and curious throughout the summer.

- Week 6** July 29th-August 2nd
- Week 7** August 5th-9th
- Week 8** August 12th-16th
- Week 9** August 19th-23rd
