

DLP week of March 16-20

Happy Monday Kindergarten friends and families! We are excited to get started this morning!

Each day, I will send an email with an attached list of activities on SeeSaw for the day. On Monday, you will also see the weekly learning targets. We are hoping that the daily list will allow you and your child to see what is to be done and you may choose to check them off as you go. It does not matter in which order you complete the assignments, except that core classroom activities should be done before specialists' assignments. The expectation is that your child completes each day's core activities on the day assigned.

Please note that home learning will not mimic our usual workload, and at the beginning, we want to give you (and us) less assignments so that we can all get used to our new learning circumstances.

I am also available to help with questions or problems you have during my office hours. My office hours will be 9:00-10:00 am Monday through Friday. During that time, you can email me and expect to hear back from me quickly. You can, of course, email me anytime during the day and I will get back to you as soon as I can.

Key Weekly Learning Targets:

- Ask and answer questions about key details in a text (literature and informational texts).
- Sequence the order of events in a story.
- Read common high-frequency words by sight.
- Compose simple shapes to form larger shapes.
- Explore a variety of digital tools to produce and publish writing
